

Parent/Guardian Permission for Student Computer Use at Geneseo Central School

Student Name (Please Print): _____

Grade: _____

Computer Network

I give permission for my child to use the computer network at Geneseo Central School. This includes using the programs that are installed on the school computers as well as the Internet, which filters inappropriate content using the M86 filtering service. To look at the complete Acceptable Use Policy, please visit the "Technology Office" website under the "District" section at www.geneseocsd.org and then click on "Policies" on the left side of the page. You can also request a copy by calling John Holt, our Technology Coordinator, at (585) 243-3450 ext 1047.

Yes

No

Google Accounts

I give the school permission to setup a Google Account for my child. Google accounts will allow students to use Google Drive to work on documents, spreadsheets, and presentations from any computer that has an Internet connection. Students in grades K-5 would not be using the e-mail feature at all. Students in grades 6-8 would be able to send e-mail to any student or staff member in the geneseocsd.org domain. Students in grades 9-12 would be able to send and receive e-mail to anyone with an e-mail address. To learn more about the Google Accounts and why we are setting them up for students to use, please visit the "Technology Office" website under the "District" section at www.geneseocsd.org and then click on "Google Accounts" link on the left side of the page. You can also contact John Holt, our Technology Coordinator, at (585) 243-3450 ext 1047 or at johnholt@geneseocsd.org with any questions.

Yes

No

Student Images and Schoolwork on Website and Publications

I give the school permission to use pictures of my child or pieces of work from my child on the district website and other publications. You can always request that we remove an image or piece of work from the website at any time that is associated with your child.
