May 2019

Dear MS/HS Parents and Students:

Although the weather doesn't always indicate that May is here, the reality is that the end of the school year is rapidly approaching. End of the year special events and testing have already started, which are sure signs graduation is just around the corner. We've enjoyed a very successful and memorable year. The GCS staff appreciates the efforts and commitments made by parents and students in helping us build quality instructional and extracurricular programs.

May and June can be exciting and busy for parents, staff, and students. Our GCS staff wishes to remind parents that we are readily available to assist you and your child as you navigate the end of the school year. You will receive additional communications from staff about review times and extra sessions available for students.

The calendar for May and June is filled with testing and special activities. We ask for your assistance with making sure students attend school on a regular basis. Absences from school at this time of year often result in students missing valuable instruction.

We also use this time of year to highlight special accomplishments and achievements of our students. There are several awards ceremonies scheduled. In addition, we have many student performances scheduled throughout the months of May and June. Please visit our district calendar located on our webpage to learn about the exciting events taking place at our school.

In addition, I ask all parents and students to assist us in making sure we maintain a safe school environment. Please remind your child to follow our dress code and school policies closely. It is important that we continue to offer a school environment that is safe and conducive to learning. Any senior/school prank that puts the health and wellness of others at risk or interrupts the learning environment for students will result in the loss of privileges to attend and participate in special events that we have scheduled. This includes the opportunity to attend and participate in our graduation ceremony. We will strictly adhere to our code of conduct.

I have also included our Regents and Local Exams schedule in this packet. Please review the dates and times for your child's exams. Please contact your child's teacher or my office if you have any questions related to exams your student is required to take.

We deeply appreciate your continued support and involvement in your child's education. Our staff is committed to providing all students with quality and enriching educational experiences. Please contact us at 243-3450 if we can provide any further assistance.

Sincerely,

Michael A. Salatel
MS/HS Principal
