

8th Grade Supplies List - Fall 2020

Due to the fact that students will not be using lockers at the start of school, we have modified the supply list to help students manage materials using only a backpack.

The thought is that one **accordion type binder** would work to keep day to day work in. You may want to empty that occasionally as it fills up, by transferring your papers into separate binders at home. Instead of an accordion type binder, you could also do **separate folders** for all your subjects, again transferring out materials to a binder at home.

All 8th grade teachers were okay with a system like that. Also, there are a few additional needs:

Science 8: a **composition notebook**

Spanish/French: a **1 inch binder** with loose leaf paper

Art: **sketchbook** any brand, any size with at least 50 blank pages

Technology: a **shoebox or bin** with pencils, scissors, a ruler, and a calculator (this will stay in the technology room)

You will want your own supply of **pencils, pens, colored pencils, and highlighters** to keep at home.

If you are in Advanced Math or Science, you will want to check out the high school supply list posted on the school website to see what you'll need for those classes.

Hoping to see you all very soon,
8th grade teachers
